**The GAP Year Initiative**

Dear parents / guardians and students,

*Sir Michelangelo Refalo Sixth Form* is once more offering the GAP Year initiative for young people's participation in voluntary work.

The GAP project is particularly relevant to school leavers (Year 11) who for some reason or other are not yet prepared to take on the MATSEC Course at our Institute. Such students may wish to improve their qualifications by taking an alternative course at our Institute, which may not be so demanding, or may wish to stop for some time before pursuing their studies. To these people we offer a voluntary work experience (November-March) with an NGO of their choice of not less the five hours a week. A certificate will be awarded to all participants and the work carried out will be valid for the Systems of Knowledge Project later on. Further details would be given to prospective candidates by our staff in charge of this initiative.
